INSTRUCTIONS

- Fill in the right-hand column for each section. Aim for 1–2 pages total.
- Every claim should be supported by evidence — either from the survey or from the cost/profit data.

Section	Your team's response
1. Problem Statement In your own words, what is Pat's problem?	
2. What the Survey Data Tell Us Two or three findings from the class survey.	
3. What the Cost and Profit Data Tell Us Two or three findings from your cost/profit analysis.	

4. Our Recommendations

Place each game in either the KEEP, CHANGE, or REMOVE column.
Use the data (numbers AND notes).

KEEP	CHANGE	REMOVE

If you recommend changing any games, describe the changes you suggest:

5. Big Picture Do you agree with Pat’s theory that the games are too easy and the prizes are too cheap? Why or why not?
