

Aircraft Market Research

Name: _____ **Date:** _____ **Period:** _____

Research at least 3 different types of aircraft. These could include different kinds of airplanes (passenger, military, cargo), helicopters, or something unusual. For each aircraft you research, find an image and fill in the information below. List the website where you found your information.

Goal: Look for aircraft that are different from each other. Think about how the size, shape, and design of each one connects to what it is used for.

Aircraft 1
